AEON CREDIT NAMED MOST OUTSTANDING FINANCIAL COMPANY IN MALAYSIA

This was the second straight year that AEON Credit won the best Most Outstanding Company in Malaysia – Financials Sector by Asiamoney Asia Outstanding Companies Poll.

KUALA LUMPUR – AEON Credit Service (M) Berhad (“**AEON Credit**” or the “**Company**”), a leading non-bank financial services provider in Malaysia, has won the Most Outstanding Company in Malaysia – Financials Sector in Asiamoney 2022 Asia’s Outstanding Companies Poll for the second consecutive year.

The Asiamoney Asia’s Outstanding Companies Poll acknowledges public listed companies ("PLCs") across the region for their excellence in their financial reporting, management team, Investor Relations, and Corporate Social Responsibility initiatives.

In 2022, a total of 958 fund managers, analysts, bankers and rating agencies took part in the voting which concluded on 15 July 2022. Over 4,600 votes were received for PLCs across 12 markets in Asia. The results recognised 176 companies as being the most outstanding for their sectors and in their market.

AEON Credit is truly honoured that its performance and corporate excellence are continuously being recognised by our reputable peers and the investment community. The Company remain steadfast and fully committed to bringing the best products and services to fit market demand and to be the most preferred non-bank financial services provider to customers.

AEON Credit is privileged to be able to serve its customers by providing financial services and solutions that caters to their daily financial needs. Moving forward, with the Company’s focus on bringing comprehensive financial services to all communities and continuous investment in information technology to drive

digitalisation in its business, it hopes to better serve its customers as well as maintain a strong foothold in Malaysia.

Asiamoney is the Asian edition of Euromoney, a UK-based business and finance publication founded in 1969. Its annual Asiamoney Awards invite fund managers, buy-side analysts, bankers and rating agencies to participate in the Asia's Outstanding Companies Poll.
